Dear Mr. Yates,

I wanted to take this opportunity to give you my personal thanks once again for your work on the Washington Tyrannus School of the Arts project. As you know, it is extremely important for all project team members to communicate and work together towards a common goal. The YATES team was a very productive component in that team.

Yates Company took on our project with a personal goal in mind to achieve the very best results. From the initial planning stages to the final days of execution the Yates team performed an outstanding job. I was continually impressed with the level professionalism and pride that your company demonstrated. It was obvious that your company had the District's best interest in mind when working around other subcontractor's schedules. I sincerely believe that ideals and work ethic exhibited by the YATES team is something that is carried by your entire company.

In addition, the ability to keep on schedule in spite of delays or interruptions is applauded. Lastly, the follow-up and continual training by you and your team members ensure continued customer satisfaction, confirmed that Yates Company is truly a professional group.

I look forward to working with you on another project in the future.

Sincerely,

Frank Longoria
